

Das Skelett des Menschen

The diagram shows a full-body view of the human skeleton. On the right side, there are 20 horizontal lines for labeling. The lines are connected to various parts of the skeleton by thin lines, indicating the intended labeling points. The labels are intended to identify the following parts of the skeleton:

- Skull (Cranium)
- Spine (Vertebrae)
- Ribs
- Shoulder girdle (Scapulae)
- Upper arm (Humerus)
- Forearm (Radius and Ulna)
- Hand (Metacarpals and Phalanges)
- Pelvis (Ilium, Ischium, Pubis)
- Femur (Thigh bone)
- Tibia and Fibula (Lower leg)
- Foot (Metatarsals and Phalanges)
